“Our single focus is to provide the international King Street community with an addictive experience. With our focus on prompt service, great coffee and seriously good food, you’ll love our ‘eye candy corner’....where fashion and food come together.”

**Coffee** - Our coffees are served at a temperature to best release the flavour of the coffee. If you like yours extra hot, please let us know

**From the kitchen** - We use free range Mt Barker chicken, Harvey Beef and Swan Valley free range eggs. All our hot & cold dressings are home made by the kitchen team. We make our own mayonnaise, hollandaise, Caesar dressing, BBQ sauce and baked beans....mmmmm

**Specials** – our fussy kitchen staff demand they use only the freshest ingredients. This Spring/Summer, weekly specials have been added to our delicious menu to ensure there’s always fresh and exciting meals to try. Our Panini choices will vary as part of our weekly specials along with our take away baguettes

**Book for a group of 6 or more** for lunch and receive a FREE bottle of wine of the month or two large sparkling waters with your meals

**In a hurry?** ....please tell us

**Did you know?** - ‘Bistro’ is of Russian origin and means ‘quick’. The Russian Cossacks would run into eating establishments in Paris in the early 1900’s shouting “bistro, bistro” because they were famished. Parisienne restaurateurs took to putting signs over their door ‘Bistro’.

We know you’ve got limited time, so we always endeavour to be quick. Of course, if everyone comes together, meals will take a little longer! You’re always welcome to linger and enjoy a glass a wine or two if time permits.

There’s always something interesting to catch your eye on this unique corner of King Street. Be it the appetising plates rushing past or the eye candy walking by. It really is a relaxing and welcoming place with lots to enjoy.

Welcome to our Eye Candy Corner. Enjoy your meal.
